Child Protection and the Curriculum

Embedded Child Protection curriculum – whole school K – 10 – all curriculum areas

Keeping Safe: Child Protection Curriculum (KS:CPC)

The Keeping Safe: Child protection curriculum (KS:CPC) teaches children from a young age to:

- recognise abuse and tell a trusted adult about it
- understand what is appropriate and inappropriate touching

• understand ways of keeping themselves safe.

The program follows two main themes:

- we all have the right to be safe
- we can help ourselves to be safe by talking to people we trust.

These two themes are explored through four focus areas:

- the right to be safe
- relationships
- recognising and reporting abuse
- protective strategies.
